Volume XXXV

Foreword

Another year has come and gone. The editors hope that the 1961 WOODLOG will be your record of this year's most important activities, from the confusion of opening days and the first football game through Spring Commencement. To the Senior, may it represent the final act of a high school drama; to the freshman, the beginning of a long exciting play. But most important, may it be the link to help you relive in future times, vivid moments of this wonderful year.

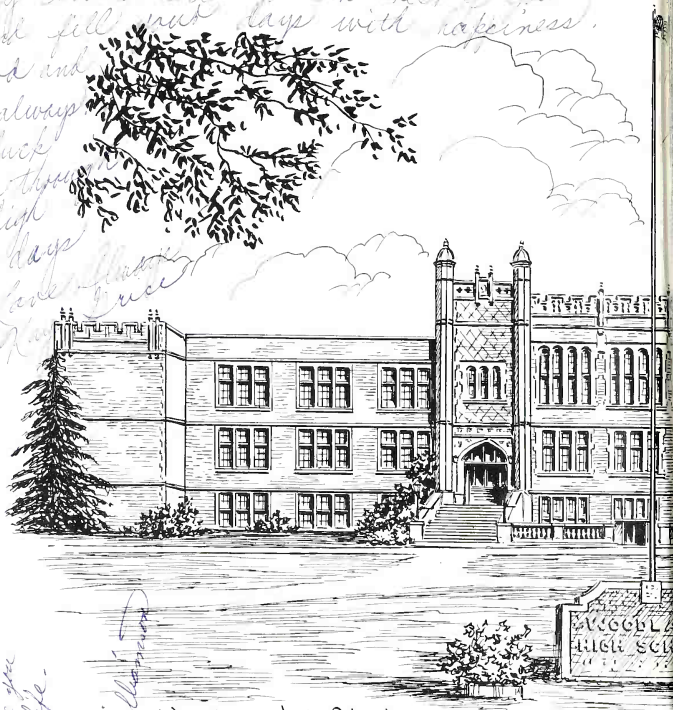
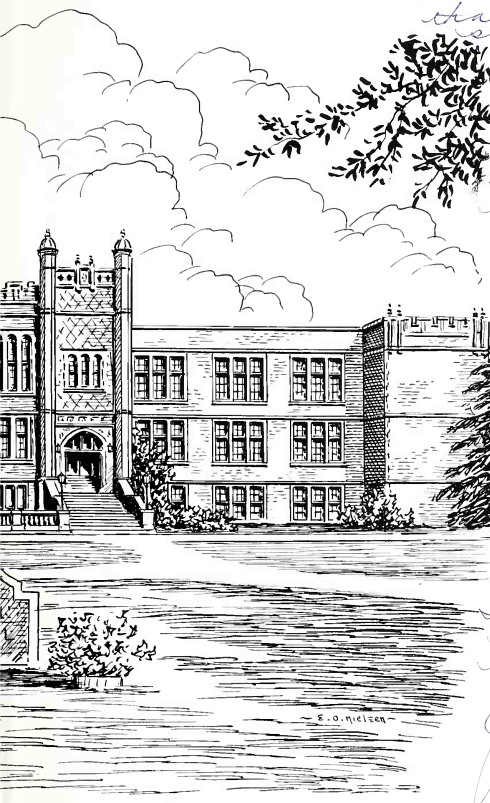
1961 Dedication



The Colonel is more than a mere symbol or mascot: he is something that is alive in the hearts of all students and teachers, both past and present. He is the magic force that creates a strong loyalty for WHS, urges us to do the best we can at all times, and helps us measure up to the fine traditions of Woodlawn.

to the Spirit of the Colonel



Many picture him as a tall man with silvery hair and beard, wearing a gold suit and top hat typical of the 1850's. Others think he is just small enough to get into the swing of things. Whichever he is, we are pleased that he represents us; for we know that his spirit will always help guide us wherever we may go.

Mr. Ralph Martin

. . . At the Barbecue Pit

Mr. Martin's high ideals inspire us to aim for greater goals. His guidance and understanding are often important factors in building the character of his students.

Mr. Martin is not the kind of man who sits behind a desk all day giving orders. He is often seen walking down the hall, stopping now and then for a friendly chat with a student or a teacher. If there is serious illness or death in the family of one of the students, Mr. Martin finds time to stop by for a visit and to offer his help.

With Mr. Martin's principles as an inspiration and his words as a guide, we can better reach the goals he has taught us to aim for.

. . . On the Lawn

Principal 1961

These pictures show Mr. Martin on Saturday afternoon relaxing at his home, which he designed. The barbecue pit is a part of the large patio he built, and the often admired lawn is also one of his pet projects.

The lady with him is Mrs. Martin, who naturally is a great part of his life. They share many hours together at the piano, in the kitchen, and just relaxing. She listens to Mr. Martin's school problems and sometimes gives advice. Her suggestions are well thought out and are given serious consideration. Thus, Mrs. Martin helps Mr. Martin continue to keep Woodlawn the good school it is.

Parent-Teacher Association 1961

The Parent-Teacher Association is a vital part of Woodlawn High School. It consists of fathers, mothers, faculty, and other interested adults. The officers elected for the 1961 year are: president, Mrs. Van O. Pilgreen; first vice-president, Mr. Lewis Bice; second vice-president, Mrs. Lloyd March; third vice-president, Mr. R. M. Youngblood; secretary, Mrs. D. C. Logan; treasurer, Mr. Ralph Martin; and parliamentarian, Mr. Azelle Morris.

More things are being accomplished this year than ever before. Membership falls about one hundred people short of reaching one thousand. The athletic field is being cleared and sodded to provide more playing space. The Crestwood Optimists Club gave the language department a Hi-Fi record player after lists of things needed were prepared from departmental information by the P.T.A., and sent to each of Woodlawn's civic clubs. In order to give our teachers the recognition they deserve, the P.T.A. has planned a program in which parents will visit teachers in their classrooms.

Officers pictured above are: STANDING, Mr. Ralph Martin, treasurer; Mr. R. M. Youngblood, third vice-president; Mr. Lewis Bice, first vice-president; Mr. Azelle Morris, parliamentarian. SEATED, Mrs. Lloyd Marsh, second vice-president; Mrs. Van O. Pilgreen, president; Mrs. D. C. Logan, secretary.

Mrs. T. D. Clayton takes up P.T.A. dues.

Standing behind the table are members of the refreshment committee, Mrs. H. C. Lessman; Mrs. F. C. Berry and Mrs. C. L. Peeples.

Marshal Honor Society

To be eligible for membership in the Marshal Honor Society, a student must be in the sixth semester or above, must have a general average of "C" or above, and must be approved by a faculty committee consisting of sponsors, advisors, and the principal. An act of dishonor disqualifies any person eligible for membership in this society.

Organizations 1961

D.E. and D.O. students learn by doing.

Distributive Education Club

Having existed only six years, Woodlawn High School's Distributive Education Club is the youngest of its kind in Alabama. Despite this fact, many Woodlawn students have been among the most outstanding in the state. This has been proved by their success in the business world after graduation, as well as by their achievements while still in school. The organization is composed of students interested in distribntion, which includes selling merchandise and services. They take aptitude tests to determine what fields will be best for them. Through experience in these fields they train for the future.

National Honor Society

Through the efforts of Miss Sarah Ordway, a former head of the English Department, the Woodlawn Chapter of the National Honor Society was organized and granted a charter in 1924. The sponsors since that time have been Miss Sarah Ordway, Miss Jnanita Fink, Miss Stacey Furr, and Miss Virgil Lamb, who is now the sponsor as well as the head of the Language Department.

To be elected into the National Honor Society or Junior National, one must possess not only scholarship, but character, leadership, and service. For National the names of the students in the sixth, seventh, and eighth semesters who meet the scholastic requirements are submitted to the faculty members, who vote on them. The committee then makes the final selections from the faculty ballots. A similar procedure is followed in third, fourth and fifth semesters for Junior National. The committee consists of Miss Virgil Lamb, chairman; Mr. Ralph Martin, Mrs. Louise Pope, Mrs. June Conerly.

Fullback

Arthur Whatley holds the Bank's Jets so that Robin Abbott can gain yardage.

Although Woodlawn's Colonels did not get the bid for the Crippled Children's Clinic game, they made a fine record with five wins, one tie, and three losses. This won-lost record does not tell an accurate story of the Colonel's success.

The loss to Phillips, the Colonel's arch-rival, was the first loss after two wins over Etowah County and Central of Phoenix. The Colonels would surely have won if they had not dug their own grave by missing all their extra points.

Banks turned on the pressure against Woodlawn with a 6-0 victory. In the final quarter, End Harold Morgan outran the Jets with a 70-yard gallop for a touchdown, but the play was called back.

Robin Abbott scurries through the Yellow Jacket's line for additional gain.

louder than words

After an early 63-yard dash resulting in a touchdown for West End, the winless Lions subsided to a surprised Woodlawn. The Colonels played every man on the bench and still rolled up a score of 41-7.

In the sixth game when it looked as if the Ensley players were sure of their berth in the Clinic game, Woodlawn came along and knocked them off their lofty pedestal. So it was, that near the end of the season, the Colonels jammed the Big Six race.

This year, Woodlawn had four boys to make all-city. They were: Robin Abbott, Wallace Allison, Jimmy Robbins, and Bill Sanders.

We are proud of the team's record and we hope that Woodlawn will continue to keep up the good work in the future.

Johnny Lovechio makes Woodlawn's 15 yard line the end of the line for Phillips.

Robin Abbott takes to the air for a 70-yard gain against West End.

A disappointing defeat by Bessemer initiated the 1960-61 basketball season. After a heated third quarter, with the score tied, Bessemer swept back for a ten-point win. After they won the next two games with Ramsay and Glenn, it seemed as if the Colonels had developed a steadfast pace. In both games we led, through all four quarters; but, West End and Tuscaloosa soon disproved our conclusion. In the Ensley game we were behind only once by one point in the second quarter. Banks kept a lead of at least two points through all four quarters. With Jones Valley, Woodlawn chalked up 110 points, the greatest score in any one game.

Although the Jefferson County Classic proved too much for the Colonels, they won the games with Ramsay, Bessemer, and West End, but lost to Tuscaloosa.

The Colonels ended a fighting season with a high place in the city. Bill Gray and Alan Speegle respectively were the two high scorers.

Basketball 1961

Managers, Johnny Busby, and Hugh Corley, keep a careful watch to make sure the team is working at top efficiency.

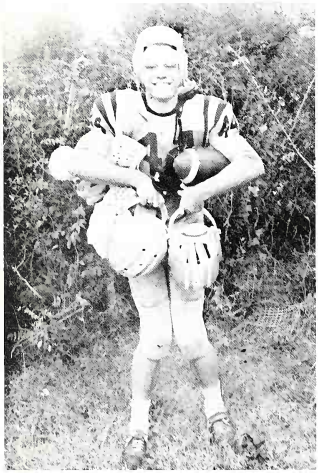
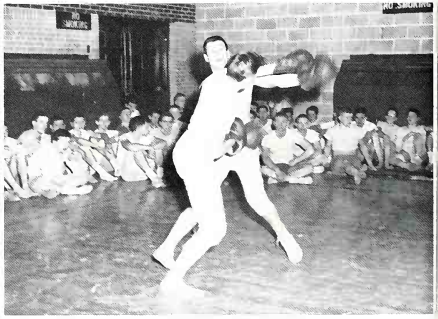
Kickball is a favorite sport to play in the stadium at the girls' gym period.

Some unusual sports take place in the gym.



This is gym work? Robin Abbott "clowns around" with his football equipment.



Boxing may be rough, but it's fun and apparently interesting.

Good shot.

Good aim.

Majorettes glamorize the scene.

At Woodlawn the study of science is available in several different courses. Among these are biology, physics, and chemistry. Interested students acquire the knowledge of organisms, dynamics, and chemical reactions. These courses make students aware of the changing world, where science is playing an even more important part than it plays in school, or has played anywhere in the past.

At Woodlawn the study of English is considered important. Each student is required to take four years of this subject. The basic courses of English include instructions in the fundamentals of grammar plus a background in literature.

As the student matures he should learn to use his knowledge of grammar to write and speak well, and his improved appreciation of literature in greater understanding of himself, others, and the world around him.

Math

We are proud of our Math Department at Woodlawn. It offers a wide range of courses for those who plan a commercial career or for those who plan to go to college.

In the commercial field, we have commercial arithmetic. For college-bound students there are algebra, advanced algebra, plane geometry, solid geometry, and trigonometry.
